

Quality Learning at NACC

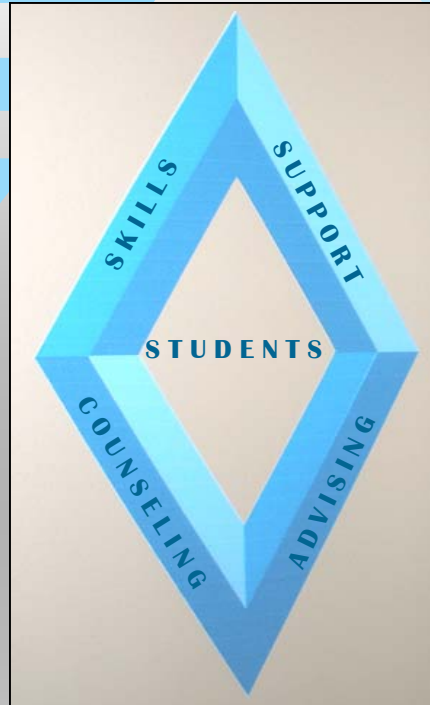

Many students experience problems with their courses. The Center for College Success is at NACC to provide counseling, advising, tutoring, career development, and other support services.

What This Means for You

The benefits above may sound great on their own, but college also has some very practical benefits:

More Job Opportunities

The world is changing rapidly. More and more jobs require education beyond high school. College graduates have more jobs to choose from than those who don't pursue higher education.

Earn More Money

A person who goes to college usually earns more than a person who doesn't. According to the US Census Bureau, on average, someone with a Bachelor's Degree earns \$51,206—almost double the \$27,915 earned annually by someone with only a high school diploma.

It is your future; take command ...

“College is too hard for me.”

Is this your concern, too? Many students are anxious about their ability to succeed at their college courses, so you're not alone. Don't despair!

We can help with...

- 1) Time management
- 2) Study Skills
- 3) Memory Development
- 4) Test-taking skills
- 5) Stress Management
- 6) Setting Goals

Don't sweat the small stuff!

Start today!

CCS will help you achieve your goals!

The Center for College Success (CCS) has been designed to provide students with the utmost opportunity for college success. It will actively engage students the moment they enroll at NACC.

- The CCS has proven to increase student success.
- CCS will allow students to participate in a program to build skills.
- CCS will provide tutorial assistance.
- CCS will provide encouragement and student support.

This program enables students to build necessary foundations for academic success as well as future success.

Because NACC knows that students are valuable,

THE CCS HAS BEEN PROVIDED JUST FOR YOU!
