“Working Toward Student Success”

In the Student Center

Why Get a College Degree?

- ▲ Knowledge
- ▲ Skills
- ▲ More Opportunities

What This Means for You

The benefits above may sound great on their own, but college also has some very practical benefits:

More Job Opportunities

The world is changing rapidly. More and more jobs require education beyond high school. College graduates have more jobs to choose from than those who don't pursue education beyond high school.

Earn More Money

A person who goes to college usually earns more than a person who doesn't. According to the US Census Bureau, on average, someone with a Bachelor's Degree earns \$51,206—almost double the \$27,915 earned annually by someone with only a high school diploma.

It is your future; take command ...

“College is too hard for me.”

Not you, too! Most students worry about being good enough for college, so you're not alone.

We can help with...

- 1) Time management
- 2) Study Skills
- 3) Memory Development
- 4) Test-taking skills
- 5) Stress Management
- 6) Setting Goals

Don't sweat the small stuff!

Start today!

This could be YOU!!

The Center for College Success (CCS) has been developed to provide students with the utmost opportunity for college success. It will actively engage students the moment they enroll at NACC.

▲ It will allow students to participate in a program to rebuild skills that have been forgotten.

▲ It will provide individual instruction to take place between student and tutor.

▲ It will provide courage and support, so students may be able to deal with school anxiety.

NACC has provided the CCS because students are important.

This program will enable students to build necessary foundations for academic success as well as future success.

Please check out this new program. **It has been provided just for you.**
