

Quality Learning takes place at NACC's Center for College Success

The Center for College Success is provided to students by NACC to ensure the maximum college experience.

Many students do not know where to turn when they experience problems with their courses., but they do not have to look very far at NACC because the Center for College Success will provide counseling, advising, tutoring, career development, and many other support services. Check it out today!

Achieving Your Goals

The Center for College Success (CCS) has been developed to provide students with the utmost opportunity for college success. It will actively engage students the moment they enroll at NACC.

□ It will allow students to participate in a program to rebuild skills that have been forgotten.

□ It will provide individual instruction to take place between student and tutor.

□ It will provide courage and support, so students may be able to deal with school anxiety.

□ NACC has provided the CCS because students are important.

This program will enable students to build necessary foundations for academic success as well as future success.

Please check out this new program. **It has been provided just for you.**

THE STUDENT IS IMPORTANT!

It is your future; take **CHARGE** . . .

It is time to take charge and become **proactive**. No longer are you going to sit on the sidelines watching others get an education and see them working at better-paying jobs: **YOU CAN, TOO!**

Maybe, you will need to study a little more. Maybe, you will need to take a few courses to help you build the foundations to academic success. Do not **SWEAT** the small stuff! The Center for College Success is here just for you. **Join US!**

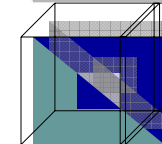

Take **COMMAND**
Start **TODAY**

Center for College Success

Congratulations!

YOU DID IT! You met your educational goals.
