NACC NURSING PROGRAM
ESSENTIAL FUNCTIONS/ELIGIBILITY CRITERIA

The Alabama Community College System endorses the Americans’ with Disabilities Act. In accordance with College policy, when requested, reasonable accommodations may be provided for individuals with disabilities.

Physical, cognitive, psychomotor, affective and social abilities are required in unique combinations to provide safe and effective nursing care. The applicant/student must be able to meet the essential functions/eligibility criteria with or without reasonable accommodations throughout the program of learning. Admission, progression, and graduation are contingent upon one's ability to perform the essential functions/eligibility criteria delineated for the nursing programs with or without reasonable accommodations. The nursing programs and/or its affiliated clinical agencies may identify additional essential functions/eligibility criteria. The nursing program reserves the right to amend the essential functions as deemed necessary.

In order to be admitted and to progress in the nursing program one must possess a functional level of ability to perform the duties required of a nurse or meet eligibility requirements. Admission or progression may be denied if a student is unable to perform the essential functions/eligibility criteria with or without reasonable accommodations.

The essential functions/eligibility criteria delineated are those deemed necessary by the Alabama Community College System nursing programs. No representation regarding industrial standards is implied. Similarly, any reasonable accommodations made will be determined and applied to the respective nursing program and may vary from reasonable accommodations made by healthcare employers.
