Northeast
TOP 10 REASONS TO EARN A COMMUNITY COLLEGE CREDENTIAL

1. You’ll earn more! Students who complete their associate degree or certificate can expect to earn about $500,000 more in a lifetime than a high school graduate. ¹

2. You’ll be prepared! When you are job-hunting, a college credential will always give you an edge. ²

3. Unemployment for community college graduates is typically 30 percent lower than for high school grads. ³

4. You’ll encounter fewer barriers to transfer! You’ll save time and money by not having to repeat courses or take courses you did not know you needed. ⁴

5. You’ll help reverse a national trend in the declining number of college graduates. ⁵

6. You’ll open doors for your children. Children of college graduates are more likely to graduate themselves. ⁵

7. You and your family will see improved health. Research links greater educational attainment to longer life, healthful eating, exercising and avoiding risk factors. ⁶

8. You will be more likely to promote environmental sustainability. ⁵

9. You’ll be more likely to volunteer, vote, contribute to charity, serve on boards and run for office. ⁵

10. You’ll be an educated, prepared and higher-paid employee, providing support for federal, state and local governments. ⁵
