DEGREE REQUIREMENTS

Northeast Alabama Community College is authorized to award the Associate in Arts degree, the Associate in Science degree, and the Associate in Applied Science degree. The Associate in Arts degree and the Associate in Science degree are two-year transfer degree programs; that is, a student in one of these degree programs intends to transfer to a four-year college or university and obtain a baccalaureate degree. The Associate in Applied Science degree is a two-year terminal degree program; however, some colleges and universities will transfer a number of credits from the A.A.S. degree program to apply to baccalaureate degrees at their institutions.

Thanks to the work of the Articulation and General Studies Committee (AGSC), a statewide general studies curriculum has been developed, and strategies for articulation of transfer credit among public two-year and four-year institutions of higher education in Alabama have been implemented. Coursework in Areas I through IV, regardless of the student's major, transfers to all public four-year colleges and universities in Alabama. Coursework in Area V for students in the Associate in Arts and the Associate in Science degree programs also transfers; Area V coursework for students in the Associate in Applied Science degree program may transfer to some institutions, depending on the student's major and four-year institution. Regardless of which degree a student is seeking, the student should be mindful of the requirements at the four-year institution to which he/she plans to transfer. For additional information, the student should consult this catalog and the following website address.

<http://stars.troy.edu>

It is the student's responsibility to stay informed about STARS and the senior institution's requirements regarding individual programs of study.

CORE COURSES

Based on Alabama's articulation system, the following "core courses" are guaranteed to transfer to any public college in Alabama to satisfy degree requirements in Areas I-IV. Courses not listed in the core may satisfy graduation requirements at Northeast and also may be accepted for transfer to other colleges. Please consult your advisor for additional information.

The General Education Programs for the A.A., A.S., and A.A.S. Degrees is comprised of a minimum of 15 semester hours of course work with at least one course from each of the following: humanities/fine arts, social/behavioral sciences, and natural sciences/mathematics. These courses comprise a substantial component of the A.A., A.S., and A.A.S., Degrees and include a breadth of knowledge appropriate for the collegiate-level student, not narrowly focusing on skills, techniques, and procedures specific to a particular occupation or profession.

The following table designates the General Education Component which applies to all students—on campus, off-site, and distance education students. By following the appropriate transfer guide the student will be required to complete a minimum of one course in each of the following three areas:

General Education Component**Humanities/Fine Arts**

The following are considered pure humanities/arts courses:

*Designates A.A.S. Degree Program only.

Other courses which comprise the general education program at NACC include ENG 101 English Composition I and SPH 107 Fundamentals of Public Speaking. Note that neither of these courses are considered the one pure humanities course required of all students in all degree programs.

STUDENT LEARNING OUTCOMES**General Education Outcomes**

General Education Outcomes are concerned with the global abilities of students once they have earned a two-year college degree. To determine if students have these abilities it is necessary to ask the following questions: What abilities, talents, skills, and attitudes are expected of students when they complete a general education program and how do we know they have those traits? When students complete a major, have they learned what is needed to succeed in that field? When students complete a course, do they have the skills and abilities expected of them? What do students learn? How do we know they have learned it? The College has identified five competencies that students should attain as a result of completing the general education core courses:

Written Communication—Students will demonstrate adequate writing skills by developing ideas and organizing contents effectively. (ENG 101)

Oral Communication—Students will articulate ideas, concepts, and theories in a clear fashion using language and elocution skills indicative of college-level preparation. (SPH 107)

Mathematical Computation—Students will compute basic mathematical operations accurately, comprehend mathematical information, and utilize analytical thinking skills to solve problems. (MTH 100 and MTH 116)

Computer Literacy—Students will use current technology and develop computer skills for informational, academic, personal, and professional needs. (CIS 146)

Information Literacy—Students will locate, access, and analyze information that facilitates learning and critical inquiry. (Library Orientation in ENG 101 and SPH 107)

A.A. and A.S. Degree Programs

The A.A. and A.S. degree programs are designed for transfer and, as such, constitute a general/pre-liberal arts curriculum. The General Education Outcomes serve as the five competencies identified by the College that students should attain as a result of completing the A.A. or A.S. Degree Programs:

Written Communication—Students will demonstrate adequate writing skills by developing ideas and organizing contents effectively. (ENG 101)

Oral Communication—Students will articulate ideas, concepts, and theories in a clear fashion using language and elocution skills indicative of college-level preparation. (SPH 107)

Mathematical Computation—Students will compute basic mathematical operations accurately, comprehend mathematical information, and utilize analytical thinking skills to solve problems. (MTH 100 and MTH 116)

Computer Literacy—Students will use current technology and develop computer skills for informational, academic, personal, and professional needs. (CIS 146)

Information Literacy—Students will locate, access, and analyze information that facilitates learning and critical inquiry. (Library Orientation in ENG 101 and SPH 107)

A.A.S. Degree Programs

In addition to the General Education Outcomes, for each career and technical program the College has identified Program Learning Outcomes based on the principle that each graduate should exhibit, in a professional manner, the knowledge and skills of a qualified practitioner in the field. The Program Learning Outcomes for each career/technical program are listed following:

A.A.S.—Business

Graduates of the Business Program will be able to:

- Demonstrate competence in financial accounting process and systems. (BUS 241)
- Demonstrate an understanding of macroeconomic theory, analysis, and policy applications, including supply and demand and market equilibrium, the American banking system and the Federal Reserve. (ECO 231)

A.A.S.—Child Development

Graduates of the Child Development Program will be able to:

- Function as a competent entry-level child care worker by performing necessary skills for working in a child care facility. (CHD 215)
- Plan programs that promote and maintain safe and healthy learning environments. (CHD 206)
- Apply foundational knowledge of methods and materials for teaching young children from birth to age 8. (CHD 204)
- Exhibit a positive work ethic. (CHD 215)

A.A.S.—Computer Information Systems

Graduates of the Computer Information Systems Program will be able to:

- The student will demonstrate knowledge of computer terminology and components. (CIS 199)
- The student will install, configure, and upgrade a computer operating system. (CIS 268)
- The student will install and troubleshoot computer hardware. (CIS 269)

A.A.S.—Criminal Justice

Graduates of the Criminal Justice Program will be able to:

- The student will function as a competent entry-level worker in a law enforcement agency demonstrating knowledge and skills retained from course work. (CRJ 280)
- The student will exhibit a thorough knowledge of the law enforcement agency. (CRJ 280)

A.A.S.—Drafting and Design Technology

Graduates of the Drafting and Design Technology Program will be able to:

- Demonstrate correct use of precision measurement instruments. (ADM 101)
- Read and interpret technical drawings. (ADM 101)
- Sketch orthographic views of objects. (DDT 220)
- Employ basic operating system functions in order to use CADD software to produce and plot pictorial and multi-view working drawings. (DDT 220)

- Apply dimensions, tolerances and notes to acceptable industry standards. (GD&T, threaded fasteners & weldments) (DDT 220)
- Exhibit a positive work ethic and good employability skills. (ADM 150-154)
- Function as a competent entry-level CAD technician. (ADM 150-154)
- Perform all tasks in a safe manner. (ADM 150-154)

A.A.S.—Emergency Medical Services (Paramedic)

Graduates of the Emergency Medical Services (Paramedic) Program will be able to:

- Perform tasks in a safe manner. (EMS 255)
- Display a positive work ethic. (EMS 256)
- Function as a competent, entry-level paramedic. (EMS 254)
- Use current technology and develop computer skills for informational, academic, personal and professional needs. (EMS 255)

A.A.S.—Engineering Technician

Graduates of the Engineering Technician Program will be able to:

- Function as a competent entry-level engineering technician by demonstrating knowledge and skills retained from coursework (ADM 150-154)
- Perform all tasks in a safe manner. (ADM 150-154)
- Exhibit a positive work ethic. (ADM 150-154)

A.A.S.—Heating, Ventilation, Air Conditioning, and Refrigeration

Graduates of the Heating, Ventilation, Air Conditioning, and Refrigeration Program will be able to:

- Function as a competent entry-level HVAC-R technician by demonstrating knowledge and skills retained from coursework (ADM 150-154)
- Perform all tasks in a safe manner. (ADM 150-154)
- Exhibit a positive work ethic. (ADM 150-154)

A.A.S.—Industrial Electronics Technology

Graduates of the Industrial Electronics Technology Program will be able to:

- Function as a competent entry-level industrial electrician (ADM 150-154)
- Perform all tasks in a safe manner. (ADM 150-154)
- Exhibit a positive work ethic. (ADM 150-154)

A.A.S.—Industrial Systems Technology—Electrical and Instrumentation Option

Graduates of the Industrial Systems Technology Program (Electrical and Instrumentation Option) will be able to:

- Function as a competent entry-level industrial maintenance technician by demonstrating knowledge and skills retained from coursework (ADM 150-154)
- Perform all tasks in a safe manner. (ADM 150-154)
- Exhibit a positive work ethic. (ADM 150-154)

**A.A.S.—Industrial Systems Technology—
Multi-Skilled Option**

Graduates of the Industrial Systems Technology Program (Multi-Skilled Option) will be able to:

- Function as a competent entry-level industrial maintenance technician by demonstrating knowledge and skills retained from coursework (ADM 150-154)
- Perform all tasks in a safe manner. (ADM 150-154)
- Exhibit a positive work ethic. (ADM 150-154)

**A.A.S.—Industrial Systems Technology—
Machine Tool Technology Option**

Graduates of the Industrial Systems Technology Program (Machine Tool Technology Option) will be able to:

- Function as a competent entry-level machinist by demonstrating knowledge and skills retained from coursework (ADM 150-154)
- Perform all tasks in a safe manner. (ADM 150-154)
- Exhibit a positive work ethic. (ADM 150-154)

**A.A.S.—Industrial Systems Technology—
Welding Technology Option**

Graduates of the Industrial Systems Technology Program (Electrical and Instrumentation Option) will be able to:

- Function as a competent entry-level welder by demonstrating knowledge and skills retained from coursework (ADM 150-154)
- Perform all tasks in a safe manner. (ADM 150-154)
- Exhibit a positive work ethic. (ADM 150-154)

A.A.S.—Medical Assisting Technology

Graduates of the Medical Assisting Technology Program will be able to:

- Function as a competent entry-level medical assistant by performing clinical and administrative duties. (MAT 229)
- Perform tasks in a safe manner. (MAT 229)
- Exhibit a positive work ethic. (MAT 229)

A. A. S.—Nursing

Graduates of the Nursing Program will be able to:

- Use information and technology to communicate, manage knowledge, mitigate error, and support decision making.
- Function effectively within nursing and inter-professional teams, fostering open communication, mutual respect, and shared decision-making to achieve quality patient care.
- Use data to monitor the outcomes of care processes and use improvement methods to design and test changes to continuously improve the quality and safety of health care systems.

Certificate—Practical Nursing

Graduates of the Practical Nursing Program will be able to:

- Incorporate information and technology within own scope of practice to support safe processes of care.
- Function competently within own scope of practice as a member of the health care team.
- Utilize various sources of information to review outcomes of care identifying potential areas for improvement of the quality and safety of care.

A.A.S.—Office Administration—General Option

Graduates of the Office Administration Program (General Option) will be able to:

- Create, format, and edit business documents. (BUS 215)
- Maintain office records using alphabetic, numeric, and geographic records management skills. (OAD 138)
- Transcribe documents from dictated recordings. (OAD 200)

A.A.S.—Office Administration—Medical Office Option

Graduates of the Office Administration Program (Medical Office Option) will be able to:

- Create, format, and edit business documents. (BUS 215)
- Maintain office records using alphabetic, numeric, and geographic records management skills. (OAD 138)

GENERAL REQUIREMENTS FOR THE ASSOCIATE IN ARTS (AA) DEGREE

The Associate in Arts Degree is designed for students planning to transfer to a senior institution to complete a program of study in a liberal arts area. The outline below provides the general guidelines from Board Policy and is used by the college to design specific degree programs. A student pursuing this degree program should be aware that certain variations may exist for Areas I, II, III, and IV depending on the student's Area V concentration. A student pursuing an AA degree must follow the specific requirements for the program as outlined in the catalog.

Area I: Written Composition6 Credit Hours

- Must complete ENG 101 and ENG 102.

Area II: Humanities and Fine Arts..... 12 Credit Hours

- Must complete at least three semester hours in Literature.*
- Must complete at least three semester hours in the Arts.

The remaining semester hours are to be selected from Humanities and/or Fine Arts. Humanities and Arts disciplines include but are not limited to: Area/Ethnic Studies, Art and Art History, Foreign Languages, Music and Music History, Philosophy, Ethics, Religious Studies, Theater and Dance.

Area III: Natural Science and Mathematics..... 11 Credit Hours

- Must complete at least three semester hours in Mathematics at the Pre-Calculus Algebra or Finite Math level or higher.

Must complete at least eight semester hours in the Natural Sciences which must include laboratory experiences. Disciplines in the Natural Sciences include: Astronomy, Biological Sciences, Chemistry, Geology, Physical Geography, Earth Science, Physics, and Physical Science.

Area IV: History, Social, and Behavioral Sciences 12 Credit Hours

- Must complete at least three semester hours in History.*
- Must complete at least six semester hours in other disciplines in the Social and Behavioral Sciences.

Social and Behavioral Sciences include, but are not limited to: Anthropology, Economics, Geography, Political Science, Psychology, and Sociology.

Area I-IV: General Education Requirements.....41 Credit Hours

Area V: Pre-Professional, Pre-Major, and Elective Courses19-23 Credit Hours**

- Courses appropriate to the degree requirements and major of the individual student and electives.

Students completing courses that have been approved for transfer by the AGSC and are appropriate to their major and/or degree program may transfer these courses with credit applicable to their degree program among two-year and four-year colleges and universities.

Total Hours Required60-64 Credit Hours**

**Must complete a six-semester-hour sequence either in Literature or in History. The sequences in Area II and IV in Literature and History need to follow the sequence requirements according to the student's major and transfer plans.*

***Respective programs of study for baccalaureate degrees at Alabama public and private universities range from 120 to 128 semester credit hours in length. Colleges are only authorized to provide 50 percent of that total (60-64, depending on the total hours allocated for the bachelor's degree).*

GENERAL REQUIREMENTS FOR THE GENERAL EDUCATION SHORT TERM CERTIFICATE (STC)

The general education short term certificate award is designed to assist students in developing an academic foundation to earn credit toward the associate of arts or associate of science degree. The outline below provides the general guidelines from Board Policy. A student pursuing the general education short term certificate must follow the specific requirements for the program as outlined in the catalog.

Area I: Written Composition.....	6 Credit Hours
Area II: Humanities and Fine Arts.....	3-9 Credit Hours
Area III: Natural Science and Mathematics.....	6-8 Credit Hours
Area IV: History, Social, and Behavioral Sciences.....	6-9 Credit Hours
Area I-IV: General Education Requirements.....	21-26 Credit Hours
Area V: Electives.....	1-3 Credit Hours
Total Hours Required.....	22-29 Credit Hours

**TRANSFER GUIDES
ASSOCIATE IN ARTS**

The following transfer guides are for students who intend to major in the specific areas that are listed. The Alabama Articulation and General Studies Committee, which was created by the Alabama Legislature through ACT 94-202, devised these programs of study. This legislation requires that these programs and their courses be accepted for transfer at all public institutions of higher education in Alabama. Any student or faculty advisor who encounters a problem in getting these programs and courses transferred to a two or four-year college in Alabama should contact Dean Sherie Grace, who serves as the articulation contact person at Northeast. More detailed transfer guides and student transfer agreements to four-year colleges may be obtained from the Statewide Articulation Reporting System (STARS) on the Internet at <http://stars.troy.edu>. Students who complete the courses listed on the following Transfer Guides can receive the Associate in Arts Degree.

 #Students seeking a theatre performance degree should take this course.
 ##Students seeking a technical theatre degree should take this course.

Students should be reminded that most all required courses can be completed at Northeast for practically all programs of study listed on the STARS website. Our listing of majors/ programs of study is simply a compilation of some of the more popular options. On the next page is a comprehensive list of majors/programs of study from the STARS program.

GENERAL REQUIREMENTS FOR THE ASSOCIATE IN SCIENCE (AS) DEGREE

The Associate in Science Degree is designed for students planning to transfer to a senior institution to complete a program of study in the sciences or in a specialized pre-professional field. The outline below provides the general guidelines from Board Policy and is used by the college to design specific degree programs. A student pursuing this degree program should be aware that certain variations may exist for Areas I, II, III, and IV depending on the student's Area V concentration. A student pursuing an AS degree must follow the specific requirements for the program as outlined in the catalog.

Area I: Written Composition6 Credit Hours

- Must complete ENG 101 and ENG 102.

Area II: Humanities and Fine Arts.....12 Credit Hours

- Must complete at least three semester hours in Literature.*
- Must complete at least three semester hours in the Arts.
- The remaining semester hours are to be selected from Humanities and/or Fine Arts.

Humanities and Arts disciplines include but are not limited to: Area/ Ethnic Studies, Art and Art History, Foreign Languages, Music and Music History, Philosophy, Ethics, Religious Studies, Theater and Dance.

Area III: Natural Science and Mathematics..... 11 Credit Hours

- Must complete at least three semester hours in Mathematics at the Pre-Calculus Algebra or Finite Math level or higher.
- Must complete at least eight semester hours in the Natural Sciences which must include laboratory experiences.

Disciplines in the Natural Sciences include: Astronomy, Biological Sciences, Chemistry, Geology, Physical Geography, Earth Science, Physics, and Physical Science.

Area IV: History, Social, and Behavioral Sciences12 Credit Hours

- Must complete at least three semester hours in History.*
- Must complete at least six semester hours in other disciplines in the Social and Behavioral Sciences.

Social and Behavioral Sciences include, but are not limited to: Anthropology, Economics, Geography, Political Science, Psychology, and Sociology.

Area I-IV: General Education Requirements.....41 Credit Hours

Area V: Pre-Professional, Pre-Major, and Elective Courses **19-23 Credit Hours

- Area V courses are courses appropriate to the degree requirements and major of the individual student and electives. Students completing courses that have been **approved** for transfer by the AGSC and are appropriate to their major and/or degree program may transfer these courses with credit applicable to their degree program among two-year and four-year colleges and universities.

Total Hours Required60-64 Credit Hours**

**Must complete a six-semester-hour sequence either in Literature or in History. The sequences in Area II and IV in Literature and History need to follow the sequence requirements according to the student's major and transfer plans.*

***Respective programs of study for baccalaureate degrees at Alabama public and private universities range from 120 to 128 semester credit hours in length. Colleges are only authorized to provide 50 percent of that total (60-64, depending on the total hours allocated for the bachelor's degree).*

TRANSFER GUIDES ASSOCIATE IN SCIENCE

The following transfer guides are for students who intend to major in the specific areas that are listed. The Alabama Articulation and General Studies Committee, which was created by the Alabama Legislature through ACT 94-202, devised these programs of study. This legislation requires that these programs and their courses be accepted for transfer at all public institutions of higher education in Alabama. Any student or faculty advisor who encounters a problem in getting these programs and courses transferred to a two or four-year college in Alabama should contact Dean Sherie Grace, who serves as the articulation contact person at Northeast. More detailed transfer guides and student transfer agreements to four-year colleges may be obtained from the Statewide Articulation Reporting System (STARS) on the Internet at <http://stars.troy.edu>. Students who complete the courses listed on the following transfer guides can receive the Associate in Science Degree.

ALLIED HEALTH PROGRAMS

Northeast Alabama Community College is involved in a cooperative linkage program with other community colleges. The first year general education prerequisite courses are completed at Northeast. After acceptance to the health program, students may transfer to complete coursework in their chosen field of study. The following programs are offered through this arrangement:

- Dental Assisting
- Dental Hygiene
- Diagnostic Imaging
- Diagnostic Medical Sonography
- Health Information Technology
- Clinical Laboratory Technician
- Occupational Therapy Assistant
- Physical Therapy Assistant
- Respiratory Therapy

For specific details regarding each program, students should contact Dr. Sharon Totten, Director of Advising, (tottens@nacc.edu) for more information. Office: 100 Wallace Administration Building (WA), phone ext. 2245.

Below are some examples of Allied Health Programs:

Associate in Applied Science in Diagnostic Imaging

This program is designed to provide technologists for Diagnostic Imaging Departments of hospitals and clinics. Students are taught the fundamental principles underlying all phases of Radiologic Technology. Upon graduation, the student is eligible to apply to take the registry examination of the American Registry of Radiologic Technologists (65 1-687-4448). According to the American Registry of Radiologic Technologists, application for certification to practice as an R.T. may be denied if a person has been convicted of a felony, is guilty of a crime involving moral turpitude, and/or has displayed other grounds for denial by law.

Associate in Applied Science in Physical Therapist Assistant

The Physical Therapist Assistant (PTA) is a skilled technical health care worker who assists the physical therapist in providing services that help improve mobility, relieve pain, and prevent or limit permanent physical disabilities of patients suffering from injuries or disease. Patients include accident victims and individuals with disabling conditions such as low-back pain, arthritis, heart disease, fractures, head injuries, and cerebral palsy. Duties of the physical therapist assistant are varied but include rehabilitation of orthopedic, neurological, pediatric, and sports related problems. Once a patient is evaluated and a treatment plan is designed by the physical therapist, the physical therapist assistant can provide many aspects of treatment, as prescribed by the therapist. Components of treatment procedures performed by these workers involve exercise, massage, electrical stimulation, paraffin baths, hot and cold packs, traction, and ultrasound. The physical therapist assistant is responsible for reporting patient responses and treatment outcomes to the

physical therapist. Physical therapists assistants are employed by hospitals, rehabilitation centers, nursing homes, home health care agencies, private practices and other specialized health care settings.

Associate in Applied Science in Respiratory Therapy

A respiratory therapist is responsible for administering, under physician's prescription, many types of breathing therapeutics, and utilizing specialized breathing, aerosol and humidification equipment. These include the use of oxygen or oxygen mixtures, chest physiotherapy, mechanical ventilation, and aerosol medications. Respiratory therapists evaluate and treat all types of patients, ranging from premature infants whose lungs are not fully developed to elderly people whose lungs may be diseased. Respiratory therapists provide temporary relief to patients with chronic asthma or emphysema, as well as emergency care to patients who are victims of a heart attack, stroke, trauma, drowning, or shock. They perform limited physical examinations, and conduct diagnostic tests that assess breathing capacities and determine the concentration of oxygen and other gases in patients. The respiratory therapist works closely with the physician and also directly with the patient in the treatment situation by performing regular assessments of patients and equipment.

Associate in Applied Science in Surgical Technician

Surgical technologists are allied health professionals, who are an integral part of the team of medical practitioners providing surgical care to patients. Surgical technologists work under the supervision of a surgeon, ensuring that the operating room environment is safe, that equipment functions properly, and that the operative procedure is conducted under conditions that maximize patient safety. Surgical technologists possess expertise in the theory and application of sterile and aseptic technique and combine the knowledge of human anatomy, surgical procedures, and implementation tools and technologies to facilitate a physician's performance of invasive therapeutic and diagnostic procedures.

Associate in Applied Science in Funeral Service

The Funeral Service Education Program is designed for those who have a state board sanctioned apprenticeship and who are actively seeking to satisfy their particular state licensing requirements. Students must complete an apprenticeship specified by the state in which they expect to practice before they will be eligible for licensure. The student is given a broad understanding of funeral home operation, funeral directing, public health and embalming along with a foundation in communication skills, social science and applied science. The Funeral Service Education Program requires that students complete the National Board Examination given by the International Conference of Funeral Service Examining Boards before they can graduate.

Associate in Applied Science in Veterinary Technician

Veterinary technicians assist veterinarians by performing duties such as teeth cleaning, electrocardiography, bandaging, wound cleaning, surgical site preparation, radiology (x-rays), some types of injections, administering oral medications, suture removal, surgery assistant, and laboratory duties to include hematology, urinalysis and blood chemistry. An Alabama veterinary technician may not perform surgery or prescribe medications. Most courses require the student to work at least 20 hours per week at an approved clinical site to complete the required clinical tasks.

SKILLS TRAINING DIVISION

The Skills Training Division provides educational opportunities for all adults, regardless of prior educational attainment. Most of these programs do not require a high school diploma or GED. Activities include:

- Non-credit training programs that lead to workforce credentials
- Non-credit workshops and seminars for professional or personal development
- Incumbent worker training programs
- Workforce assessments, including ACT WorkKeys®
- Certification and examination services, including Microsoft and Certiport
- Non-credit online programs and courses that lead to workforce readiness

For information about any of the services provided by the Skills Training Division, contact Ms. Julie George at 256-228-6001 or 638-4418, extension 2214.

Short-term Non-credit Training Programs

Industry Training (Incumbent Worker Training)

Northeast Alabama Community College offers training services to area business and industry. Training can be offered on site or on campus in a variety of areas. Additionally, an Alabama Technology Network (ATN) Center is located on campus, providing a vast array of training and consulting services to business and industry. For more information about or the Alabama Technology Network, contact Mr. Ronny Kisor, ATN Director, at 256-228-6001 or 256-638-4418, extension 2265. For more information about training for business and industry, contact Julie George at 256-638-4418, ext. 2214.

ACT WorkKeys® Assessment Career Readiness Certificate

WorkKeys® assessments give students and workers reliable, relevant information about their workplace skill levels. Combined with information about skill levels required for jobs, assessments information can help users make better career and educational decisions. For more information about the WorkKeys® Assessment and Development Center, contact Mrs. Nancy Griggs at 256-228-6001 or 256-638-4418, extension 2217.

Certification Services

Northeast Alabama Community College offers a certification center where interested persons may take certification examinations for a variety of areas, including Microsoft Office Specialist, Internet and Computing Core Certification (IC3), and Electronics Technicians Association, International (ETA-I). For more information or to schedule an exam, contact Ms. Julie George at 256-228-6001 or 638-4418, extension 2214 or visit www.nacc.edu.

ALABAMA TECHNOLOGY NETWORK CENTER

The Alabama Technology Network (ATN) of the Alabama Community College System links two-year colleges, the University of Alabama System, Auburn University and the Economic Development Partnership of Alabama to solve the needs of manufacturing and service industries. The ATN center at NACC develops services to meet local and state needs, providing innovative and cost-effective solutions to enable Alabama’s existing industry to be globally competitive. The network is Alabama’s affiliate of the National Institute of Standards and Technology’s Manufacturing Extension Partnership, which provides hands-on assistance and training to small to mid-size manufacturers.

Since 1996, the Alabama Technology Network has been providing hands-on assistance and training to help address challenges and improve profitability of organizations in Alabama. Our experienced staff members provide insight, expertise, and holistic solutions that will improve business today and for the future. ATN helps organizations streamline operations, improve team performance, implement quality systems based on the voice of customers, plan strategies for future growth, and implement the latest in environmental and information technology.

The ATN center at NACC was established in October, 2005. For more information on the Alabama Technology Network at NACC visit the ATN website at <http://www.atn.org> or call the ATN office at 256-638-8968.

NURSING PROGRAM

**Associate in Applied Science Degree –
5 Semesters/Two Academic Years**

**Practical Nursing Certificate –
3 Semesters/One Academic Year**

The nursing program is an integral part of Northeast Alabama Community College and accepts the mission statement and the goals of Northeast Alabama Community College. The nursing curriculum combines general education and nursing education courses. The Associate in Applied Science Degree is awarded by Northeast to the student who successfully completes all requirements of the nursing program. Students in the program are eligible after successful completion of the first three semesters for the Practical Nursing certificate.

The graduate of the associate degree program is eligible to apply to the State Board of Nursing to take the National Council Licensure Examination (NCLEX-RN) leading to licensure as a registered nurse. The review of the application by the State Board of Nursing determines eligibility of the applicant to take the licensure examination.

Completers of the practical nursing program are awarded a certificate and are eligible to apply to the State Board of Nursing to take the National Council Licensure Examination (NCLEX-PN) leading to licensure as a practical nurse. The review of the application by the State Board of Nursing determines eligibility of the applicant to take the licensure examination.

Legal requirements for licensure in the State of Alabama are listed in the Alabama Board of Nursing Administrative Code. The applicant for licensure examination should be aware that eligibility for initial and continuing licensure in Alabama includes questions concerning such matters as convictions of criminal offenses, convictions for driving under the influence of drugs/alcohol, treatment for mental illness, treatment for chemical dependency, disciplinary action by a state board of nursing, placed on a state/federal abuse registry, or court-martialed, disciplined, or administratively discharged by the military. The application to take the licensure examination may be denied by the State Board of Nursing if all the requirements as listed in the Alabama Board of Nursing Administrative Code are not met by the applicant. Although these policies refer specifically to Alabama, other states have similar stipulations regarding licensure. Individuals must meet the following criteria for initial licensure as a nurse.

1. Complete all requirements for graduation from an approved nursing program.
2. Receive approval by the State Board of Nursing to take the National Council Licensure Examination (NCLEX).
3. Achieve a passing score on the National Council Licensure Examination (NCLEX).

ACCREDITATION STATUS:

Approved by Alabama Community College System Board of Trustees

Approved by Alabama Board of Nursing

Accredited by the Accreditation Commission for Education in Nursing (ACEN)

ADMISSION REQUIREMENTS:

1. Unconditional admission to the College. In order to be unconditionally admitted, the Admissions Office must receive official transcripts of **all** attempted college work.
2. Complete application to the Nursing Program by **MARCH 1st**. (It is the student's responsibility to verify **all** required documentation has been received by the published deadline).
3. A minimum of 2.5 grade point average (GPA) for nursing required core courses.
4. Minimum 2.0 cumulative GPA at current institution (which includes all course work completed) or cumulative 2.0 GPA at institution from which student is transferring.
5. A minimum of 2.5 grade point average (GPA) cumulative high school for students without prior college courses (GED will be used if applicable).
6. A minimum of 18 ACT composite score National or Residual.
7. Eligibility for ENG 101, BIO 201, and MTH 100 as determined by college policy.
8. Good standing with the college.
9. Must meet **ESSENTIAL FUNCTIONS** required for nursing.

Admission to the nursing program is competitive and the number of students accepted is limited by the number of faculty and clinical facilities available. **Meeting minimal requirements does not guarantee acceptance.**

Should the student decline acceptance or be denied admission based on qualifications, he/she must re-submit an application by **MARCH 1st** of the following academic year. It is the student's responsibility to adhere to the admission requirements described and verify all required documentation has been received by published deadline. **Students should contact a nursing advisor for clarification, if needed.**

IT IS THE RESPONSIBILITY OF THE STUDENT TO KEEP THE NURSING APPLICATION UPDATED. APPLICANTS ARE ENCOURAGED TO VERIFY COMPLETION OF PROFILE PRIOR TO THE FILING DEADLINE.

SELECTION OF APPLICANTS

After meeting all minimum requirements, applicants are ranked based upon a point awarded system as follows:

1. ACT score of 18 or higher. Possible points awarded are 18 – 36 based on score, with no time limit on when the test was taken.
2. Points from nursing required college courses (BIO 201, BIO 202, ENG 101, and MTH 100 or higher)
Points will be awarded for grades as follows: **A = 3 points, B = 2 points, C = 1 point; and CLEP Credit = 2 points**
3. Additional points awarded as determined by Northeast Alabama Community College policy:
BIO 201, BIO 202, ENG 101, and MTH 100*↑ if grade is A in each course (3 points)
Pre-Nursing Seminar session (2 points)
Course work completed at Northeast Alabama Community College (5 points)

COURSE POINTS		
COURSE	GRADE	POINTS
BIO 201		
BIO 202		
ENG 101		
MTH 100* ↑		
* MTH 110, 112, 113, 120, 125		
TOTAL COURSE POINTS		

Course Grade = Points
A = 3 points
B = 2 points
C = 1 point

CLEP Credit = 2 points

No time limit on when course was taken

_____ **Course Points** (12 Points Possible)

_____ **BIO 201, BIO 202, ENG 101, MTH 100*↑if grade is A** (3 points)

_____ **Pre-Nursing Seminar** (2 points)

_____ **Northeast Alabama Community College Loyalty Points** (5 points)

_____ **ACT Score** (18 to 36 Points Possible)
(Minimum score required 18 / No time limit on when ACT was taken)

TOTAL POINTS EARNED

Applicant must also meet the following admission criteria:

- Be unconditionally admitted to the college. In order to be unconditionally admitted, the Admissions Office must receive official transcripts of **all** attempted college work.
- Minimum of 18 ACT composite score National or Residual.
- Minimum 2.5 GPA for nursing required academic core courses.
- Minimum 2.5 GPA cumulative high school GPA for students without prior college courses (GED will be used if applicable).
- Minimum 2.0 cumulative GPA at current institution (which includes all course work completed) or cumulative 2.0 GPA at institution from which student is transferring.
- Meet the Essential Functions for nursing.
- If not already completed, student must be eligible to take ENG 101, BIO 201, and MTH 100 the first semester accepted into the nursing program.

PROGRAM REQUIREMENTS:

1. Student must comply with legal, moral, and legislative standards in accordance with the Alabama Board of Nursing Administrative Code.
2. Student is required to follow Federal HIPPA regulations regarding client privacy. Student must respect the client’s right to privacy by protecting confidential information unless obligated to disclose in a court of law under proper authorization or legal compulsion (Alabama Board of Nursing Administrative Code). **Students may be expelled from the nursing program for failing to comply with this requirement.**
3. Student must take all tests according to the scheduled dates. If student misses a test, he/she must provide appropriate documentation in order to receive a make-up test. Make-up exams will be given prior to the final exam. If more than one exam is missed, all exams must be made up on the same day.

4. A student will be dismissed from the nursing program when not adhering to the policies and procedures of the facility to which they are assigned, Quality Safety Education Standards for nurses, or the program standards for client safety.
5. A rating of unsatisfactory in clinical performance will result in a grade of "F" for that course regardless of any other grading component in the course.
6. A student who has been UNSATISFACTORY in providing **safe effective client care** in the clinical area will not be allowed readmission into the nursing program.
7. Student is expected to be academically honest. Any student found guilty of cheating may be removed from the program with a grade of "F."
8. Student will have professional liability insurance throughout the nursing program. Fees are included in tuition.
9. Student must show documentation of current cardiopulmonary resuscitation (CPR) certification at the healthcare provider level prior to placement in a clinical agency.
10. Student is required to obtain a health evaluation by a qualified health practitioner on the form provided by the nursing department. **(MUST BE UPLOADED TO ESS BY DEADLINE DATE.)**
11. Student is required to obtain an evaluation of the Essential Functions as determined by a qualified health practitioner on forms provided by the nursing program. The evaluation must be submitted to ESS by deadline date. Additional health examinations may be required depending on physical or psychological alterations which may occur during the program of study.
12. The student is required to receive a series of three Hepatitis B vaccines, obtain a Positive titer or sign a declination policy provided by the nursing department. Student is strongly encouraged to keep their flu vaccine up to date.
13. **The student is required to submit to a pre-clinical drug screen at a time designated by the nursing faculty.** Failure to comply with this may result in withdrawal from the program. Random drug screens may be required should the student exhibit behaviors indicative of substance abuse during a clinical experience or during on campus clinical lab. Admission drug screen and annual drug screen fees are included in tuition. Any additional drug screen is performed at the student's expense. A positive drug screen will prohibit the student from completing the clinical requirements of the nursing curriculum.
14. As required by the clinical agencies, the student is required to submit to a criminal background check prior to placement in a clinical facility. Students who have a positive background check will not be allowed to complete the clinical component of the nursing course and would be required to withdraw from the nursing course.
15. Student must be registered prior to attending class. Children are not allowed in the classroom, clinical lab or computer lab at any time.

16. Students are required to participate in testing programs and remediation included throughout the nursing curriculum.

COURSE GRADE:

A course grade will be determined based on theory and clinical performance. **Students must achieve a grade of "75%" or above in each required nursing course to continue in the nursing program. A grade below "75%" will result in a "D" or an "F" depending on the numerical score.**

GRADING SCALE:	90 – 100	= A
	80 – 89	= B
	75 – 79	= C
	60 – 74	= D
	59 and below	= F

ATTENDANCE POLICY FOR NURSING STUDENTS:

Theory

The student must be present 80% of the scheduled class dates in order to demonstrate the expected course outcomes and successfully apply theoretical concepts to the clinical practicum.

Clinical Laboratory

Attendance in the clinical laboratory is required at 100% in order to accomplish the clinical laboratory objectives. Clinical absences must be made up prior to beginning the next semester. Upon return to class, the student must make arrangements for making up the campus lab and clinical absence with the clinical instructor. Extenuating circumstances will be evaluated by the Nursing Faculty Committee.

Responsibility to Agencies

All students are assigned to various health care agencies for clinical experiences. Students scheduled in health care agencies for clinical experiences must be acceptable to those agencies. The student is responsible for complying with policies and procedures required by the agency. Failure to meet this requirement will mean that the student is excluded from a required clinical experience and will be unable to complete the nursing program.

STUDENT ORGANIZATIONS AND ACTIVITIES:

Students enrolled in the nursing program participate in campus organizations as well as social, cultural and college activities the same as other college students. In addition to the regular activities at the College, students in nursing may belong to the National Student Nurses' Association.

ADDITIONAL EXPENSES:

These expenses are approximate and in no way reflect expenses each individual may incur during the program.

This list is not all inclusive.

Uniforms, lab coat, stethoscope and blood pressure cuff, etc. (Approximately \$350)

Professional liability insurance

Textbooks and other resources (\$1,000 each fall semester)

- Miscellaneous books and other resources (approximately \$500)
- Laboratory packet (approximately \$65)
- Evaluation of Essential Functions by healthcare provider
- Hepatitis B vaccination series
- ESS (Includes Criminal Background Check)
- Required immunizations (Includes MMR and Tdap or titre)
- Drug Screening Tests (\$70)
- Testing and learning resource fees (Approximately \$200 per semester)
- Transportation to and from clinical agencies

Additional expenses anticipated during the final semester of the nursing program are approximate. They are as follows:

NCLEX Application and Licensure	\$285.00
Graduation Fee	58.00
Nursing Pin (Optional)	55.00

PROGRESSION POLICY FOR THE NURSING PROGRAM

In order to continue in the nursing program, the student must meet the following criteria:

1. Maintain a grade of “C” or better in all required general education and nursing courses.
2. Unless completed previously, students must complete all required general education courses according to The Alabama Community College System Nursing Education curriculum.
3. Be acceptable by clinical agencies for clinical experience.
4. Maintain ability to meet Essential Functions for nursing with or without reasonable accommodations.
5. Maintain program health requirements.
6. Maintain current CPR course completion at the Healthcare Provider Level.
7. Students with an unsuccessful attempt in a nursing course (W, D, or F) cannot progress until the course is repeated successfully. Course repetition will be based on instructor availability and program resources.

NON PROGRESSION:

1. A total of two unsuccessful attempts in two separate semesters (D, F, or W) in the nursing program will result in dismissal from the program.
2. Students who have a withdrawal or failure in a nursing course and are eligible to return to that course will be considered for reinstatement to the program.
3. A student may be reinstated to the nursing program only one time. Reinstatement must be within one year from the semester of non-progression. Reinstatement is not guaranteed due to limitations in clinical spaces. All nursing program admission standards must be met.

4. A student must have a 2.0 cumulative GPA at the current institution for reinstatement.
5. If a student has a documented extenuating circumstance that should be considered related to a withdrawal or failure, this student may request a hearing before the Admission Committee or other appropriate college committees for a decision on repeating a course (reinstatement) or readmission to the program.

REINSTATEMENT:

In order to be reinstated, a student must:

1. Schedule an appointment with a nursing faculty/advisor to discuss eligibility for reinstatement.
2. Apply for reinstatement to the nursing program and submit the application with ACT test results and Letter of Intent by published deadlines.
3. Apply for readmission to the College if not currently enrolled. College readmission must be accomplished by published deadlines.
4. Apply to the nursing program for reinstatement by the end of the semester following the term of withdrawal or failure in the nursing program.
5. Demonstrate competency in all previous nursing courses successfully completed with validation of clinical nursing skills and/or written/computerized exams.
6. Student must have a 2.0 cumulative GPA at the current institution for reinstatement.
7. Meet acceptable criteria for placement at all clinical agencies for clinical experiences.
8. Adhere to nursing curriculum or program policies and procedures in effect at the time of reinstatement.
9. Update immunizations, demonstrate current, accepted CPR course completion at the Healthcare Provider Level, and background screening according to program policy.
10. Agree that reinstatement to the nursing program is not guaranteed. Reinstatement may be denied. Possible reasons for denial include, but are not limited to, the following:
 - a. Grade Point Average (GPA) is less than 2.0 from courses completed at current institution.
 - b. Refusal by clinical agencies to accept the student for clinical experiences.
 - c. Over twelve (12) months have elapsed since the student was enrolled in a nursing course.
 - d. Failure to demonstrate competency in all previous nursing courses successfully completed.
 - e. Space unavailability in a course in which the student wishes to be reinstated.
 - f. Student has been dismissed from the program.
11. Agree that dismissal from the previous program for disciplinary reasons and/or unsafe and or unsatisfactory client care in the clinical area prohibits reinstatement or admission back into the nursing program.
12. Understand that additional requirements for remediation or satisfactory completion of a student success seminar may be required by the nursing program.

READMISSION:

Students not eligible for program reinstatement may apply for program admission as a new student and must submit all application criteria. If accepted as a new student, the student must take or retake all nursing program courses. Students who are not in good standing, such as those who have been dismissed for disciplinary reasons, and/or unsafe client care are not eligible for admission. Students must adhere to the nursing curriculum and program policies and procedures in effect at the time of readmission.

TRANSFER POLICY:

The transfer policy applies only to students desiring to transfer between Alabama Community College System institutions. It does not apply to students wishing to transfer from other institutions.

1. Must meet minimum admission standards for the nursing program.
2. Must possess a grade of "C" or better in all required nursing program courses taken at another institution and possess a minimum of a 2.0 cumulative GPA at time of transfer.
3. Minimum 2.0 cumulative GPA at current institution (which includes all course work completed) or cumulative 2.0 GPA at institution from which student is transferring.
4. Dean/Director of previous nursing program must provide a letter of eligibility for progression in previous nursing program.
5. Must comply with all program policy requirements at accepting institution.
6. Complete at least 25% of the nursing program required courses for degree/certificate at the accepting institution.
7. Must meet acceptability criteria for placement at clinical agencies for clinical experience.
8. Acceptance of transfer students into nursing programs is limited by the number of faculty and clinical facilities available. Meeting minimal requirements does not guarantee acceptance.

Upon admission, an individual who discloses a disability can request reasonable accommodations. Individuals will be asked to provide documentation of the disability in order to assist with the provision of appropriate reasonable accommodations. The respective College will provide reasonable accommodations but is not required to substantially alter the requirements or nature of the program or reasonable accommodations that inflict an undue burden on the respective College. In order to be admitted one must be able to perform all of the essential functions with or without reasonable accommodations. If an individual’s health changes during the program of learning, so that the essential functions cannot be met with or without reasonable accommodations, the student will be withdrawn from the nursing program. The nursing faculty reserves the right at any time to require an additional medical examination at the student’s expense in order to assist with the evaluation of the student’s ability to perform the essential functions.

Requests for reasonable accommodations should be directed to the Admissions Office.

EMERGENCY MEDICAL SERVICES

The Emergency Medical Services (EMS) Program, in accordance with the goals and mission of Northeast Alabama Community College, is committed to providing quality education and preparation to those seeking education in Emergency Medical Services.

It is the goal of the EMS education program at NACC to prepare competent entry-level Paramedics in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains.

Emergency Medical Services (EMS) personnel treat millions of patients annually in the United States. Many of these patients have complicated medical and/or trauma conditions. Paramedics are required to have considerable knowledge, skill, and judgment to treat patients in the out-of-hospital setting. High quality out-of-hospital emergency care is an important part of the United States health care system.

Based on the National EMS Scope of Practice model, the four levels of nationally recognized providers are Emergency Medical Responder (EMR), Emergency Medical Technician (EMT), Advanced Emergency Medical Technician (AEMT) and Paramedic.

Emergency Medical Responder (EMR) renders on-scene emergency care while awaiting additional EMS response. In many communities, EMRs provide care as first responders in the workplace and industry, fire responders and rescue organizations. EMR courses are organized on request. Upon successful course completion and certification by examination through the National Registry of EMTs, candidates may apply for licensure with the Alabama Department of Public Health, Office of EMS. EMR certification and licensure is not required to enter the EMS Program.

Those seeking to enter the EMS program of study have options of earning short term certificates at the EMT and Advanced EMT level, and a certificate at the Paramedic level or an Associate in Applied Science Degree–Emergency Medical Services.

The Emergency Medical Technician’s (EMT) scope of practice includes basic, non-invasive interventions to reduce the morbidity and mortality associated with acute out-of-hospital medical and traumatic emergencies. The Emergency Medical Technician level is the minimum licensure level for personnel transporting patients in ambulances.

The Advanced EMT (AEMT) scope of practice includes basic, limited advanced and pharmacological interventions to reduce the morbidity and mortality associated with acute out-of-

hospital medical and traumatic emergencies. A current Alabama EMT license is required to enter the AEMT program.

Paramedics are the most advanced level of EMS care providers licensed by the state of Alabama. The Paramedic’s scope of practice includes basic and advanced life support education and skills focused on the acute management and transportation of the broad range of patients who access the emergency medical system. A current EMT license is required for program admission along with specific academic pre-requisite courses.

Associate in Applied Science Degree Emergency Medical Services

The Northeast Alabama Community College Emergency Medical Services Education Program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.com) upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP).

Eligible for AAS degree in Emergency Medical Services-Paramedic

Note: Students must complete an AHA (American Heart Association) BLS Provider Course prior to attending clinical sessions. Students must maintain currency in AHA BLS Provider Course while enrolled in EMT, AEMT and Paramedic studies.

Optional courses offered by EMS ED:

EMS 107 EVOG (Emergency Vehicle Operator’s Course).....	1
EMS 120 Vehicle Extrication.....	2
EMS 125 High Angle Rescue I.....	2
EMS 126 High Angle Rescue II.....	2

Certification by examination is gained through the National Registry of EMTs (www.nremt.org). Upon certification, application for licensure is made to the specific EMS agency in the state one desires to practice. The Alabama Department of Public Health, Office of EMS (ADPH OEMS) issues EMS licenses in Alabama (www.adph.org/ems). The NREMT and ADPH OEMS (or the specific state you plan to apply to practice) may have additional requirements related to age, qualifications, criminal

background and history of substance abuse and addiction. For a comprehensive listing of state EMS agencies, please see http://www.nremt.org/nremt/about/emt_cand_state_offices.asp.

EMS Program Admission Requirements:

- Unconditional admission to the College.
- Complete appropriate placement examinations.
- Schedule an advising appointment with an EMS advisor.
- Complete the EMS Program application (obtained at advisor meeting).
- Meet essential functions required for EMS (page 108-109).
- Meet pre-clinical requirements for EMS.
- Meet all additional requirements outlined in the EMS Program Handbook.

In addition to classroom and lab sessions, EMS students are required to complete course appropriate clinical activities at various healthcare and EMS organizations. Prior to clinical participation, students must meet specific agency requirements. These include a physical examination, documentation of vaccinations, satisfactory criminal background check, drug screen, orientation to policy and procedures for each agency, including appropriate dress, hygiene, patient confidentiality, and expectation of professional behaviors.

Successful program completion is met in each EMS course with a minimum letter grade of “B” and satisfactory lab and clinical competencies. A grade of less than a “B” in any EMS course is considered unsuccessful and will not result in certificate or AAS awards, unless retaken and completed with a grade of “B.”

Anticipated Additional EMS Program Costs

- Textbooks and learning resources
- Exam and licensure fees
- Professional Liability Insurance
- Clinical uniforms and supplies
- Transportation to and from clinical sites
- Physical Examination, vaccinations
- Drug Screen and Criminal Background Check
- Test Prep, Testing, and Competency Tracking Programs

The Emergency Medical Services (EMS) Program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) upon the recommendations of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP).

EMERGENCY MEDICAL SERVICES PROGRAM ESSENTIAL FUNCTIONS:

Students entering and participating in the EMS Program (primary training) must:

Physical Demands

1. have the physical ability necessary to walk, climb, crawl, bend, push, pull, and lift and balance over less than ideal terrain;

- 2. have good physical stamina and endurance which would not be adversely affected by having to lift, carry, and balance at times, in excess of 125 pounds (250 pounds with assistance);
- 3. see different color spectrums;
- 4. have good eye-hand coordination and manual dexterity to manipulate equipment, instrumentation, and medications;

Problem Solving Abilities

- 5. be able to send and receive verbal messages as well as operate communication equipment appropriately;
- 6. be able to collect facts to organize data accurately and communicate clearly, both orally and in writing, in the English language at the ninth grade level or higher;
- 7. be able to differentiate between normal and abnormal findings in human physical conditions using visual, auditory, olfactory, and tactile observations;
- 8. be able to make good judgment decisions and exhibit problem solving skills under stressful situations;
- 9. be attentive to detail and aware of standards and rules that govern practice;
- 10. implement therapies based on mathematical calculations;

Worker Characteristics

- 11. possess emotional stability to be able to perform duties in life-or-death situations and in potentially dangerous social

- situations, including responding to calls in districts known to have high crime rates;
- 12. be able to handle stress and work well as part of a team;
- 13. be oriented to reality and not be mentally impaired by mind altering substances;
- 14. not be addicted to drugs or alcohol;
- 15. be able to work shifts 24 hours in length, if necessary;
- 16. be able to tolerate being exposed to extremes in the environment including variable aspects of weather, hazardous fumes, and noise;
- 17. possess eyesight in a minimum of one eye correctable to 20/20 vision and be able to determine directions according to a map. Students who desire to drive an ambulance must possess approximately 180 degrees peripheral vision capacity, must possess a valid Alabama driver's license, and must be able to safely and competently operate a motor vehicle in accordance with state law; and
- 18. have the ability to follow established criteria even in the absence of direct supervision.
